NBPS/ 2018/028

24 January 2018

Through: The Principal

Dear Parents/Guardian,

Green for Hope Donation Project 2018

In line with NBPS vision and Values in Action (VIA) Programme, we aim to develop all Navalites to become responsible leaders who have the heart to help their community. In Naval Base Primary School, through the **Green for Hope Donation Project**, our students have been collecting old household items to be sold to raise funds and help other students who are in need of financial assistance. We collected a total of 2212 kg of waste papers and 256 kg of old clothing through this whole school approach in 2017.

For 2018, we are targeting to increase our collection so as to reach out to more students who are in need. Through this meaningful activity, we also teach our students to put into action the school value of **Compassion our Spirit**.

Being our close partners, we would like to invite parents to encourage and work with your child/ward at home to collect the following items and donate generously to the school during the stated collection dates:

Items to be Collected	Venue of Collection for students	Dates of Collection
<ul style="list-style-type: none"> used clothes old newspapers books and magazines 	Student's Classroom	Every 8 th week from Term 1 to Term 4

We look forward to your support.

For further clarifications, please contact:

Ms Zhuo Cangyuan (Email: zhuo_cangyuan@moe.edu.sg)

Mrs Vasagi Kumarasen (Email: vasagi_kumarasen@moe.edu.sg)

Thank you.

Yours sincerely,

.....
