Dear Parents/Guardian,

## Primary 4, 5 and 6 High Progress Students

The Math focus for our Primary 4, 5 and 6 high progress students are on building up and stretching their problem-solving skills, so that they will be able to become better in solving Math problem sums.

To help our students, the Math Department and the Primary 4, 5 & 6 Math teachers have identified 'Essential Problem Solving Skills' to be used as a supplementary resource during Math lessons. The teachers will be using this book to teach and guide your child/ ward in problem-solving skills throughout the whole year.

The details are:

**Title of the Assessment Book:** Essential Problem Solving Skills (Primary 4)  
Essential Problem Solving Skills (Primary 5)  
Essential Problem Solving Skills (Primary 6)

**Cost:** \$12

**FAS students:** \$6

Your child/ward can make payment and collect the assessment book from their respective Math teacher from 9<sup>th</sup> February.

If you have further questions, please contact:
